Code of Conduct

Shanghai JavaScript Meetup attendees are expected to be professional, positive, open, encouraging and inclusive. Read our full Code of Conduct.

Want to be an active part of our community?

We are always looking for presentations, and we love nothing more than to hear from somebody who has never given a talk before. Have you been using an interesting plugin, tool, framework or library? Want to get back to basics and teach us some useful JavaScript techniques? Maybe you just want to share some of your hard-earned opinions. Whatever it is, contact us on Weibo to get involved in an upcoming event.

How can I help?
